

THE CEDAR

5oz Traceable Recycled Cotton

Description

The Cedar tree. Just as you can trace a cedar tree's rings through time, you can trace our bags back to their recycled source. The 5oz cotton bag we have brought in is made from recycled offcuts of cotton, with recycled plastic bottle tops acting as a binding agent to construct the bag. Like the cedar tree that stays green year-round, our bags help keep the planet evergreen by using recycled materials. Giving you a bag you know and love but with the recycled element to it. We give to you 'The Cedar'.
